We know first hand how difficult it is to stay on top of all the amazing design trends, new products and the neverending details of your life and work. So we have decided to send you a frequent update doing what we can to make life a little easier. We are excited to announce that we have a new product line that is sure to inspire you. It is a collection of tiles that are beautiful, unusual and distinctive. Our timeless and unique Jerusalem Pearl has a slightly undulated surface created by a 7 step hand finishing process. It is conveniently stocked in our Denver warehouse in a piece Versailles pattern.

## WET STYLE!

## Stone of The Jerusalem Pearl

### JERUSALEM PEARL

Decorative Materials has long held the distinction of offering our clients products that are beautiful, unusual and distinctive. Our timeless and unique Jerusalem Pearl has a slightly undulated surface created by a 7 step hand finishing process. It is conveniently stocked in our Denver warehouse in a piece Versailles pattern.

AMBRA Collection from Artistic Tile

Inspired by the four fundamental elements of nature: Air, Fire, Water, and Earth, Italian artisan Giovanni Ambra has created a contemporary design by expertly manipulating natural stone. In this new design exclusively for Artistic Tile, he ingeniously crafts a textured stone using an original finishing technique that gives the appearance of two separate stones. The polished finish is darker, while the matte finish is lighter. This unique collaboration of dark and light shades in an undulating pattern is intended to be used on more than walls. This sculptural, three dimensional stone tile is handcarved. Much like a piece of art, it provides a touch of drama to any exterior or interior wall installation, especially when illuminated. The colors: Lake Blue, Moss Green, and Gris.

## In The Know.

With over 25 years of experience in designing modern bathroom products, WETSTYLE is shaped by a passion for quality and superior craftsmanship. Through a marriage of original contemporary design, exceptional craftsmanship and superior materials, WETSTYLE focuses exclusively on manufacturing soaking bathtubs, lavatories, vessel sinks and furniture for the bathroom. Exclusively available at Decorative Materials. Denver showroom vignette.

Always thinking of you, our customer, we are aware of increasing freight costs. We have great news! In the past 6 months we have negotiated 25% lower freight rates and fuel surcharges. Therefore the overall cost of delivered product is less than it was a year ago.
